## Getting Books from CTBL — Your Questions Answered

Earlier this year, the Library Research Service administered the biennial survey for patrons of the Colorado Talking Book Library. During the survey, patrons raised many of the same questions and comments. To assist all our patrons, we thought it might be helpful to address some of these concerns and questions in our newsletter.

### **I get too many books or There are too many books on a cartridge.**

We can customize the number of books you receive in several ways.

- The number of cartridges you receive can be adjusted to between 1 and 4 at a time.
- The number of books on each cartridge can be set from 1 to 20 books. So, if you're getting too many books we can lower the number and if you're not getting enough books we can raise the number.
- Also remember, the cartridges don't have a due date. If it takes you a while to read the 10 books on a cartridge, it's not a problem.
- And finally, the way our service works is that when we get a cartridge back from you, we will automatically send another one out to you.

## From the Director

Hope this finds you enjoying the fall season. Whether you enjoy football, going back to school, or just the cooler weather, there's a lot to love about fall. And, for those of you who love pumpkin spice everything, this is your season!

October marks the one-year anniversary of the distribution of the Humanware braille e-Readers in Colorado. CTBL has distributed 190 e-Readers throughout the state, and we continue to send out machines every week. Patrons tell us they love the convenience of the e-Reader. Just this afternoon a patron told us the e-Reader is a "big hit" with all the braille readers she knows.

Are you a braille reader and don't yet have an e-Reader? Would you like to try one? Give CTBL a call, we still have e-Readers available and would be happy to send one to you. Of course, you can still get print braille books, too!

In this edition of the CTBL News you'll find several curated reading lists, including lists focused on Holiday Reads, Food Fiction, and locally recorded audio books. There is also a list of selected new large print titles and descriptive video. Look for articles about assistive technology and a wrap-up of the summer reading program.

Cheers!

*Nicolle*

**CTBL will be closed on the following days in 2023 and 2024:  
November 23rd and 24th, December 25th and 26th,  
and January 1st and 15th**

## Your Questions Answered continued from page 1

**I'm not interested in the books I'm receiving or I would like to only get the books I request.**

- If you are receiving books, subjects, or authors you are not interested in, please call one of our Reader Advisors and they will help you adjust your preferences to get more books in areas you will enjoy.
- To only get books that you request, call the library and a Reader Advisor will adjust your account to either only send you a cartridge when you call to ask for one or to only send cartridges with books from your request list.
- Reader Advisors can also offer suggestions for new books to read if you're having difficulties coming up with new titles.

**I want more or all of the books in a series on one cartridge.**

- Our system defaults to sending 2 books from a series at a time. However, if you would prefer to get a single cartridge with the entire series on it, let one of our Reader Advisors know and they can create a cartridge for you. Note that some longer series will not fit on a single cartridge.

Remember, if you are having any problems with your service or the type of books you are receiving, call 303-727-9277 or 800-685-2136 and ask for a Reader Advisor. They are always happy to help you adjust your account to get materials you will enjoy or to make suggestions for new titles for you to read. If you prefer, email your questions and comments to [ctbl.info@cde.state.co.us](mailto:ctbl.info@cde.state.co.us). We love to hear from you!

## Summer Reading Wrap-Up

By Judy Craigo-Robb

Summer 2023 saw the launch of Colorado Talking Book Library's first all-ages Summer Reading program. Throughout the summer participants across Colorado worked to complete 10 activities from our summer reading activity guide.

It seems like folks enjoyed spending time with old literary friends this summer because of the 35 activities to choose from, rereading a favorite book was the activity completed by nearly every participant. Hopefully readers were also able to discover new favorites while working on their summer reading activities!

In addition to the suggested activities CTBL provided, the National Library Service (NLS) presented a variety of events ranging from a story time for younger readers to series of author talks featuring well known authors such as Kwame Alexander and Shelby Van Pelt. This was NLS's first year offering programming, and it will be exciting to see what they plan next summer.

Finally, keeping with the All Together Now™ theme, folks had the opportunity to vote for an organization that the Friends of CTBL would donate to at the end of the program and Freedom Service Dogs was the winner! Thanks to those who voted and completed the program we were able to make a positive impact in our community. We hope you enjoyed Summer Reading this year and will join us in Summer 2024.

If you missed out on Summer Reading, or if you just love a reading challenge, Winter Reading is just around the corner! More information will be available on our website after the new year. Until then, Happy Reading!

## Using Colorado's Accessible Ballot Delivery and Return System

**By Curtis Chong**

Starting October 16, 2023, ballots for the November 7 coordinated election will be mailed out to registered voters in Colorado. For people with disabilities, those who are blind, and individuals who are unable to mark the printed mail ballot without assistance, this means that on that date, Colorado's accessible electronic ballot delivery, marking, and return system will be open and available to be used. In Colorado, people with disabilities can obtain and mark their ballots at home using the access technology with which they are most familiar. People with print disabilities can also return their ballots electronically.

Step-by-step instructions and important contact information can be found on the CTBL website at: [bit.ly/3Rk8raW](https://bit.ly/3Rk8raW).

## News from the Center for Inclusive Design and Engineering

### New Resources to Help Individuals with Disabilities Acquire Assistive Technology

The Assistive Technology Program of Colorado, a project of the Center for Inclusive Design and Engineering (CIDE) at the University of Colorado Denver, can help individuals with disabilities lead more independent lives through the use of Assistive Technology (AT). The CIDE team works together with stakeholders throughout Colorado to provide AT information and assistance to individuals with disabilities, seniors, and their service providers. AT devices can make an incredible impact on the lives of users and their caretakers. CIDE wants to ensure that these devices remain accessible despite someone's financial status. Two resources are now available to help individuals with disabilities and their families and providers find (and fund) AT devices and services.

The [CIDE AT Funding Sources](#) is a searchable database to help identify these potential funding sources. Once a potential funding source is identified, the site directs users to more information and instructions on how to apply for funding. The [CIDE AT Funding Sources Flyer \(PDF\)](#) provides more information and instructions on how to utilize the database.

The [CIDE AT Exchange](#) is an online tool and resource that assists individuals, and organizations, in obtaining used AT devices or equipment for little or no cost. You can also post equipment you no longer need to the site. This service allows users to search posted items available within Colorado. Any devices or equipment obtained from AT Exchange should be based on a professional evaluation and recommendation from an Assistive Technology Specialist to ensure proper usage and fit.

The [CIDE AT Exchange Flyer \(PDF\)](#) provides directions on how to find affordable assistive technology solutions.

For more information and access to these resources visit the CIDE website at: <https://www.ucdenver.edu/centers/center-for-inclusivedesign-and-engineering>

## Unused machine?

If you are using your digital book machine, this message isn't for you. Please keep the machine and continue listening to books on cartridge—and we'll keep sending you new titles!

However, if you're a BARD user and simply don't use your machine any longer, we'd love to have it back. Could you return it to CTBL?

Machines can be returned in the original box using the U.S. Postal Services. Be sure "free matter for the blind" is in the upper right-hand corner of the box and no postage is necessary. Don't have the box? You can take the machine to most Colorado public libraries and ask them to put the machine on the library courier. Let them know CTBL's courier code is: C984. For more information call CTBL at 303-727-9277 or 800-685-2136. We're happy to help.

## Legacy Gifts

Legacy gifts to the Friends of CTBL are a vital way to ensure ongoing support for all the services the library provides to patrons. The Friends have established **Eyes to the Future** that honors and recognizes the generosity and vision of patrons, families and friends who have chosen to leave a legacy through their estates or other deferred gifts.

We invite you to become a member of **Eyes to the Future**. Enrollment in this honorary group is simply a matter of advising us about your plans to make a legacy gift, such as a bequest in a will or living trust, or designating The Friends of CTBL as beneficiary of an individual retirement plan, 401k or life insurance policy. The Friends of CTBL is a public 501 c 3 charity and the tax ID is 23-7243950.

## Contributions to The Friends of the Colorado Talking Book Library and The Colorado Talking Book Library

An additional way to contribute to either the Friends or to CTBL is through a charitable bequest as part of a will or through life insurance. You do not have to rewrite your current document but can add a written amendment called a codicil. Such a bequest only becomes irrevocable at your death. Giving to the library helps support the programs and service we provide to our patrons and helps to secure the future.
