

From the Fall 2013 issue of CTBL News

Public Transportation to CTBL

New options are available in public transportation to CTBL with the opening of the western corridor of light rail. Due to safety issues crossing Sheridan Blvd., we recommend that when coming to CTBL via light rail, you get off at the Knox station and take the #1 westbound bus. There is a stop just to the east of Sheridan and you can walk west to Sheridan and the north on Sheridan to the library.

When leaving CTBL you can take the #51 bus north on Sheridan Blvd. to the Sheridan light rail station. There is an elevator that takes you down to the tracks.

With this route, there is no need to cross Sheridan Blvd. from the west side to the east side. For more information you can go to:
