This booklet provides information on the 11 statewide measures on the November 3, 2020, ballot and on the judges who are on the ballot for retention in your area. Following a quick ballot reference guide, the information is presented in four sections.

Section One — Analyses. Each statewide measure receives an analysis that includes a description of the measure and major arguments for and against. Careful consideration has been given to the arguments in an effort to fairly represent both sides of the issue. Each analysis also includes an estimate of the fiscal impact of the measure. More information on the fiscal impact of measures can be found at leg.colorado.gov/bluebook. The state constitution requires that the nonpartisan research staff of the General Assembly prepare these analyses and distribute them in a ballot information booklet to registered voter households.

Section Two — Titles and Text. For each measure, this section includes the title that appears on the ballot and the legal language of each measure, with new laws in capitalized letters and laws that are being eliminated in strikeout type.

Section Three — Judicial Performance Evaluations. The third section contains information about the performances of the Colorado Supreme Court justices, the Colorado Court of Appeals judges, and district and county court judges in your area who are on this year's ballot. The information was prepared by the state commission and district commissions on judicial performance. The narrative for each judge includes a recommendation on whether a judge "Meets Performance Standards" or "Does Not Meet Performance Standards."

Section Four — Information on Local Election Offices. The booklet concludes with addresses and telephone numbers of local election offices. Your local election offices can provide you with information on voter service and polling centers, absentee ballots, and early voting.

Statewide Measures on the 2020 Ballot

Table 1 lists the measures on the 2020 ballot. Of the 11 measures on the ballot, 3 propose changes to the state constitution, 5 propose changes to the state statutes, and 1 proposes changes to both the state constitution and state statutes. Of the remaining two measures, one is a referendum petition on whether to approve a bill passed during the 2019 legislative session, and one is a question to approve new taxes, referred to voters through 2020 legislation.

Referred measures. A measure placed on the ballot by the state legislature that amends the state constitution is labeled an "Amendment," followed by a letter. A measure placed on the ballot by

the state legislature that amends the state statutes or that is referred as a tax question is labeled a "Proposition," followed by a double letter.

Initiated measures. A measure placed on the ballot through the signature-collection process that amends the state constitution is labeled an "Amendment," followed by a number between 1 and 99. A measure placed on the ballot through the signature-collection process that amends the state statutes is labeled a "Proposition," followed by a number between 100 and 199.

Voter approval is required in the future to change any constitutional measure adopted by the voters, although the legislature may adopt statutes that clarify or implement these constitutional measures as long as they do not conflict with the state constitution. The state legislature, with the approval of the Governor, may change any statutory measure in the future without voter approval.

Under provisions in the state constitution, passage of a constitutional amendment requires at least 55 percent of the votes cast, except that when a constitutional amendment is limited to a repeal, it requires a simple majority vote. In 2020, Amendment C and Amendment 76 require 55 percent of the vote to pass. The remaining measures require a simple majority vote to pass.
